## **New Business**

\*With the success of the RITV tournament, the board plans that it will keep next years tournament much the same, same weekend, same number of people.

\*Clay is checking with Bodhi Bakery about selling their baked items and coffee next year.

\*Conversation was had about a shade structure and bleachers. If the tournament has another profit like this year, then there should be enough money to get them. A suggestion was also made about getting a sponsor to help by outing their name on it.

\* Discussion about recruiting new members, more clinics, many more ideas of things the club could do to attract and teach new members and the volunteers needed to help with those beginners.

\*Round Robins – people are generally in favor of them. Thinking of 10:00 on Wednesdays and splitting into competitive and recreational if enough people sign up.

\*Different people are going to be looking into wintertime play. G3, ATC, YMCA - More to come.

\* Need to find a replacement for secretary
